

EFFICIENT MANURE APPLICATION STARTS HERE!

3PT Dietrich 70 Series Toolbar

4WD Torsion Flex Toolbar

4WD Swingarm

Increased width for increased flow.

From smaller 3-point mounted units to our renowned 4WD drive-mounted arm and Pull-Type applicator, we have you covered with toolbars from 16'-55' wide.

4WD TOOLBAR FEATURES

- ✓ Variety of widths from 20'-35'
- ✓ Pairs with Puck's 4WD Swingarm
- ✓ Folds for convenient transportation and storage

3-POINT TOOLBAR FEATURES

- ✓ Variety of widths from 14'-30'
- ✓ Row spacing as narrow as 24"
- ✓ 6"-8" piping for bigger flows

SWING PIPE FEATURES

- ✓ Operates independently of the toolbar, providing stability throughout the applicator
- ✓ Less stress on the toolbar and tractor during turn-arounds
- ✓ Works with many toolbar types and widths
- ✓ No need to re-wire your meter when changing out tillage tools
