

SUCCESSFUL, QUALITY AGITATION.

AGI Cornell

Consistently brings solids into suspension for removal, mix & delivery.

Agitation trailers tackle the most common hurdles associated with deep pits and other hard-to-reach areas. We designed our agitation trailers to help you increase your profits, efficiency and allow you to empty the entire pit.

AGI CORNELL FEATURES

- ✓ Fits all pumps up to 13 feet
- ✓ Fast and easy to transport and setup
- ✓ Top load-out port: transfer or fill wagons
- ✓ High pressure blasts bottom solids into suspension
- ✓ Two (2) independently gated nozzles rotate 180 degrees
