

TURN TABLE REELS

Turn Table Reel 15P

A New Approach to Bringing Water to the Fire

TTR15P

Premium hose carts that deliver

Built tough, Puck Turn Table Reels are designed to transport hose for water or other liquids. Designed to maximize hose life and strong enough to handle long lengths of large diameter hose, Puck Turn Table Reels are the epitome of proven performance. Puck Turn Table Reels are the epitome of proven performance. For over 45 years, Puck Enterprises has been safely and efficiently deploying and retrieving lay flat hose with hose carts featuring patented arch guard and tapered dome ends.

APPLICATIONS OF USE

Puck Turn Table Reel (TTR) hose carts are built to rapidly deploy and retrieve large amounts of water supply hose. Utilizing the Turn Table Reel design, hose can be deployed safely while in motion, allowing fast and accurate hose deployment. During retrieval, the TTR is able to level-wind the supply hose from a stationary position, allowing for a safe and efficient reloading for the next deployment.

TURN TABLE REEL FEATURES

REEL CAPACITY

- ✓ Holds up to 2,500' of 8" layflat hose
- ✓ 105° reel articulation maximizes loading capacity

ON-BOARD POWER SYSTEM

- ✓ 38 HP Kohler gas engine
- ✓ Powered reel rotation and articulation

LIGHTING PACKAGE

- ✓ LED scene and emergency lights
- ✓ Zone controlled scene and work lights

PRECISION CONTROL

- ✓ Wireless reel control via handheld remote
- ✓ Manual secondary controls standard

ON-BOARD STORAGE

- ✓ Dedicated remote control storage enclosure
- ✓ Illuminated for visibility

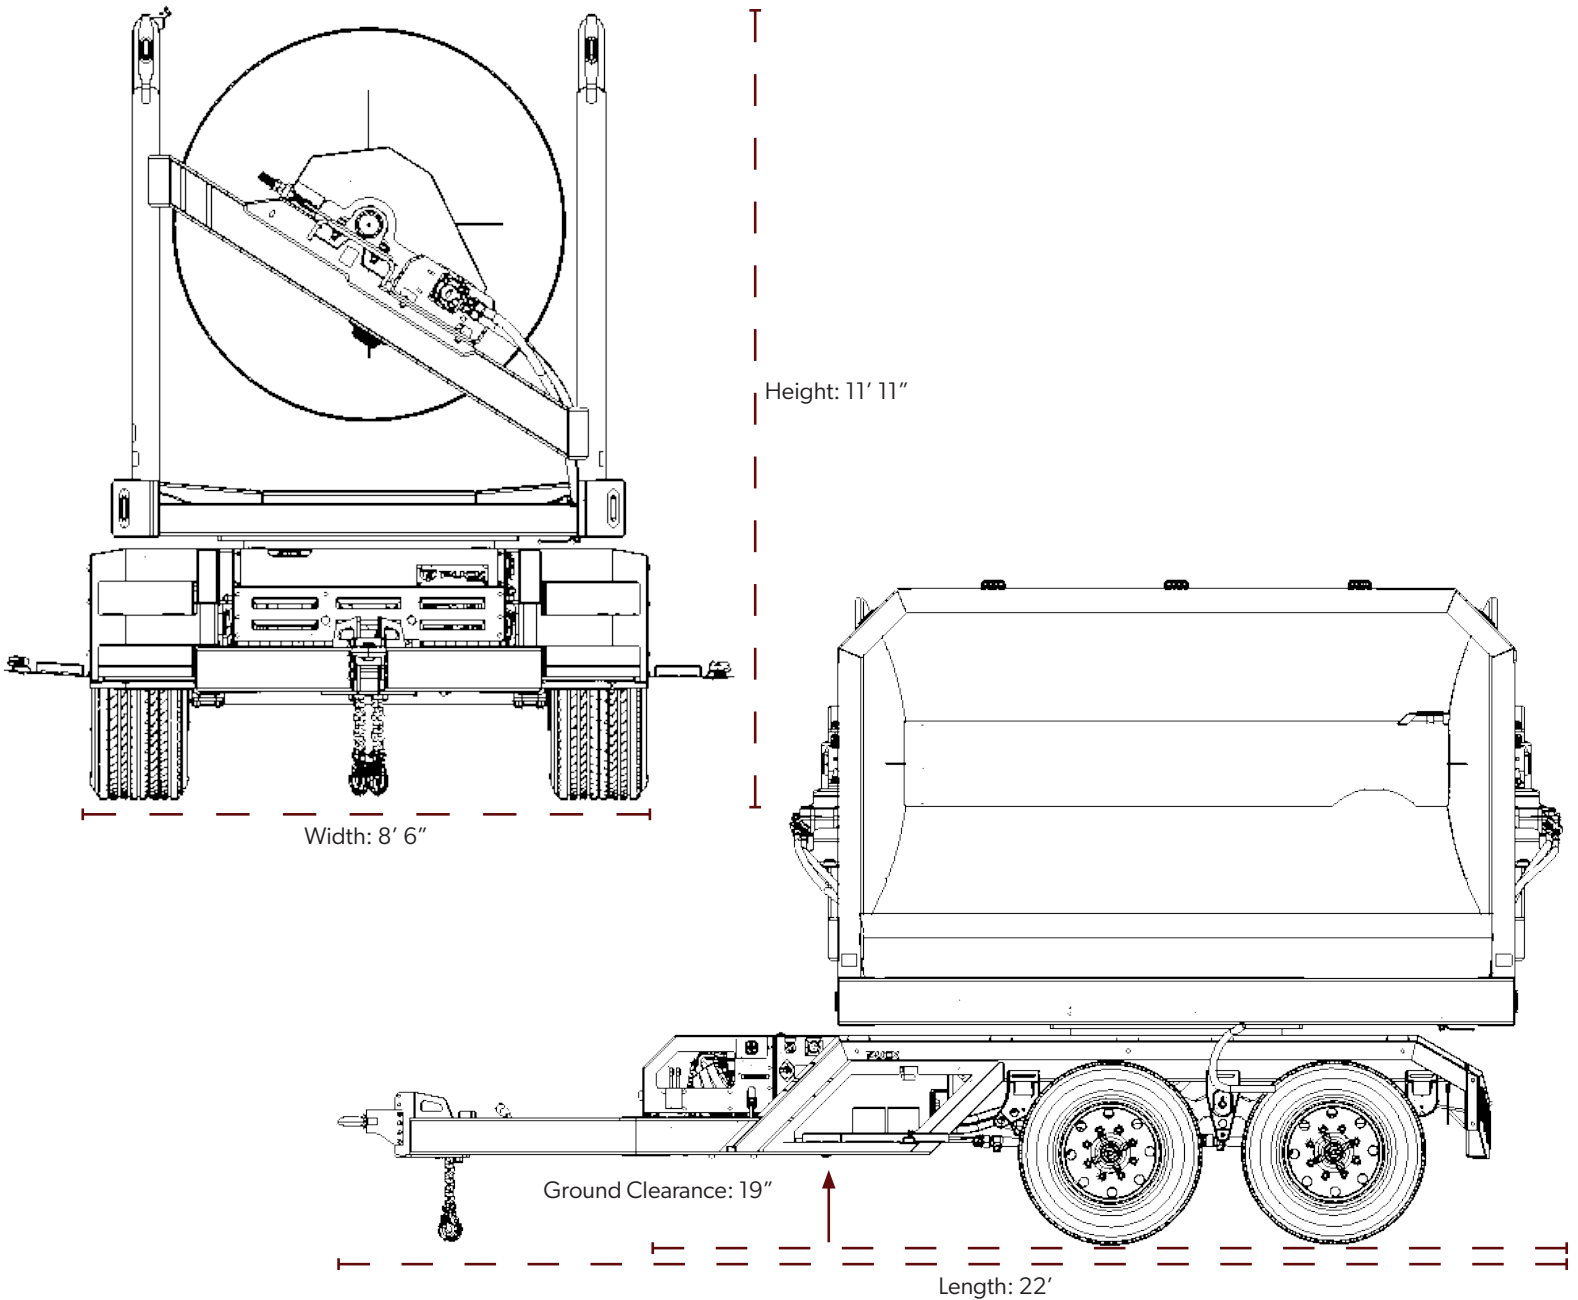

TIRES

- ✓ 445-50 R 22.5 20PLY tires
- ✓ Twin 20k rated axles with trailer brakes
