

SAFETY AND STABILITY

Every lift is a critical lift.

Provide better load distribution for lifting equipment and help prevent catastrophic accidents.

COPE PLASTICS OUTRIGGER PAD FEATURES

- ✓ Fabricated from Ultra-High Molecular Weight Polyethylene
- ✓ Lightweight alternative to wood that is stronger and weighs half as much as wood
- ✓ Impervious to rot, absorption, and degradation because of their moisture and chemical resistance
- ✓ Made with a non-slip safety surface finish that holds outriggers in place in any condition

DESIGNED FOR EVERY APPLICATION

- ✓ Cranes
- ✓ Concrete pumpers
- ✓ Earthmoving equipment
- ✓ Fire trucks
- ✓ Utility trucks
- ✓ Dump trucks
- ✓ Forestry equipment
- ✓ Material handling equipment
- ✓ And many more

DIMENSIONS (INCHES)	APPROX. PAD WEIGHT (LBS)	WORKING LOAD LIMIT (LBS)	MAX LOAD CAPACITY (LBS)
1 x 18 x 18	12	45,000	100,000
1 x 24 x 24	20	55,000	100,000
1 x 30 x 30	32	75,000	100,000
1 x 36 x 36	45	95,000	100,000
1 x 48 x 48	80	100,000	100,000
1.5 x 36 x 36	67	110,000	125,000
2 x 24 x 24	40	80,000	175,000
2 x 30 x 30	63	95,000	175,000
2 x 36 x 36	90	110,000	175,000
2 x 48 x 48	160	140,000	175,000
