

# CHIEF'S PUMPING SERVICES TESTIMONIAL

## *Decrease Downtime, Increase Camaraderie*

After five years worth of Pump School courses, Nick Reynolds of Chief's Pumping Services understands LightSpeed. Reynolds can utilize LightSpeed to not only increase his own crew's efficiency, but also to help out others.

LightSpeed control systems allow you to monitor your pumping equipment from anywhere, anytime. When other companies call on Reynolds for assistance, he is able to access their pumping information and explain the problem. With the knowledge of Pump School behind him, he can even give solutions to help improve other's efficiency.

*"Since integrating LightSpeed, we are able to help out other crews and companies. You can access their information... from wherever you are."*

LightSpeed helps Chief's Pumping's efficiency
